LONE MANGA!

PRESENTS

Among all the species,
Imugi bear the closest
resemblance to Dragons.

The vast majority of
humans are foolish
and incompetent,
easily manipulated.

Yet; the elders fear
the humans – a notion
I cannot comprehend.

And, as for the lucky human
girl who became Rivena,
she is a mere pawn.

Who did such a thing to the forest?

Humans! It was the humans!

Kill the humans!

Annihilate them!

Humans...

The lucky
human girl...

Lady... Karin!!

who became
Kiyorus..

Thank goodness,
you seem fine,
Ms. Karin.

HOLD ON
A SECOND!

WHAT IS THAT THING
DOING ON YOUR NECK?!
WHO IS THE BASTARD
THAT PUT IT ON YOU?!

Ms. Karin,
you have a guest—

Someone from
Itir came for you.

Why are
you here?

The elders of the
council have ordered
a summons.

A summons?

HAH! WEREN'T
THEY THE ONES WHO
BANISHED ME?

NOW THEY WANT
ME TO RETURN?

LONE MAGE!

It is an order –

all mages are to return to life.

Among those summoned
are Mazarin, who remained
in the capital,

and Idunagi, who has been
released from detainment.

Time is short.

The Ryenas insisted she needed to speak to you, so we have waited for you to regain consciousness. But hasten yourself for we must depart.

Have you found Mugli?

I see—

Give us a moment, please.

It seems that
you haven't been
well at all.

How did you
come to be separated
from Lord Katsuki?

Please tell me
what happened
after we parted.

Coal River
near Dorton

I have to return to Itir,
so we shall have to be
apart for a while longer.

I will definitely
determine Lord Katsuki's
whereabouts.

I'm so sorry
that I must leave
you here alone.

It's alright.

The atmosphere here seems
to have lightened up a bit.
I should be safe staying here
for a little while longer.

Up until now,
there wasn't anything
I could do, but I'm glad
I was able to do
something that day.

The information
she provided wasn't
even worth noting.

Regardless, the place
where the Dragon is
being held in captivity
is obvious.

Yet something
perturbs me more
than ever before.

"All Imugi are
to return to Hīr."

Such a summons
indicates a threat to
the survival of our
entire species.

There can only be one
reason for it to occur
at a time like this:

the Dragon
and Riyenas.

If even I am
summoned, then...

the human Riyenas

is no longer needed.

I've confirmed
the safety of
Mansagi and Vero.

Once I meet
Katrak again,

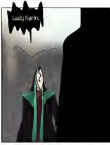

we can
carry on together,
like before...

If that's the case,
my duty will be to
remove that human...

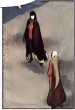

But...

All right, let's go.

I need to know what the elders are planning.

TO ITIR!!

Where could Magi Is'ar

He better be safe,
whenever he is.

Zahellun

But, what brings you all the way here?

I'm afraid this place is rather unfit to welcome a guest, what with the soot and all.

Ah, you completed the Witch's Eye, did you?

Glenn.

Do you want
to try it out on the
thing inside?

What's with you,
Eri? This bumper
is smaller you.

What are you?

Huh?
What kind of
question is that?

Since returning to the kingdom
you and I have shared
a partnership.

Yet, no matter how
hard I try to remember,
I can't recall having
met you.

I've never dwelled
on it before. After all,
you were from the
Rocharid Family.

But, how is it that I can't recall
ever having formed a contract?

It's as though it was
just put in place.

**AS THOUGH
ONE DAY IT JUST
BECAME THAT
WAY?**

Even Richard
what are you?

ARE YOU EVEN HUMAN?

Well, well, well.

It seems
we have

a defective product
don't we?
